IMPACT 2022

# Growing Impact, Together.

Dear Community Members and Supporters,

It has been an exciting and productive year, and we are proud to share with you the numerous achievements and milestones that we have reached as an organization.

Over the past year, the IAC has continued to grow and expand its reach, strengthening our presence, impact, and connection to Israel within our community and beyond.

We are also proud of the various partnerships and collaborations that we have formed with other organizations and institutions, which have allowed us to further our mission and achieve even greater impact.

Two of our new strategic initiatives include Act & Impact, which promotes pride, identity, and connection to Israel among teenagers and helps them handle challenges related to antisemitism and bias against Israel, and the Israel America Business Playground, which aims to create a multi-generational network passionate about Israeli entrepreneurship, innovation, and a culture of giving and mentorship.

We hope that this Impact Report will give you a sense of the progress that we have made and the direction that we are headed. We are grateful for your continued support and look forward to working together to build a strong and vibrant community.

With Israel at Heart,

**Shoham Nicolet**

## OUR STORY

LAS VEGAS

It is estimated that over 800,000 Israeli Americans live in the United States, contributing to various fields including academia, science, business, and culture. This community has a strong connection to Israel and its heritage.

The IAC was founded in 2007 with the goal of creating a united and engaged Israeli-American community that strengthens the Israeli and Jewish identity of future generations, the American Jewish community, and the relationship between the United States and Israel.

Through our network of over 100 IAC communities and college campuses across the country, we bring together people of all ages, backgrounds, and affiliations who are passionate about Israel.

We offer a range of programs and initiatives to help families and individuals infuse the energy, culture, and spirit of Israel into the next generation, empower new leaders within the Israeli and Jewish American communities, and stand up for Israel and the Jewish people when necessary.

Zikaron, or Remembrance, plays a central part in Israeli culture and traditions. Through our community-based memorial ceremonies and intimate group meetings, we create powerful experiences that connect the community to Israeli and Jewish heritage, history and core values.

Every year we gather thousands of community members across the US to honor those we have lost. The Israeli tradition of Zikaron ba'Salon ("Memory in the Living Room"), features meaningful conversations with Holocaust survivors and their families. Through our Zochrim u'Mesaprim initiative ("Remembering and Telling"), IDF veterans and bereaved families of fallen soldiers share their stories in intimate parlor meetings with the larger American Jewish community.

This was a visually striking and meaningful way to recognize and celebrate Israel's Independence Day, and the bond between the countries.
